You're okay with me being, y'know, human?

Toons've known ya for years. It's clear something's wrong with ya! Glisser wasn't firing off new spells, right?

That's my other crisis going on, now. Glisser got caught by Madam Sigil while protecting me.

I need someone strong to help me bust him out.

Babe.

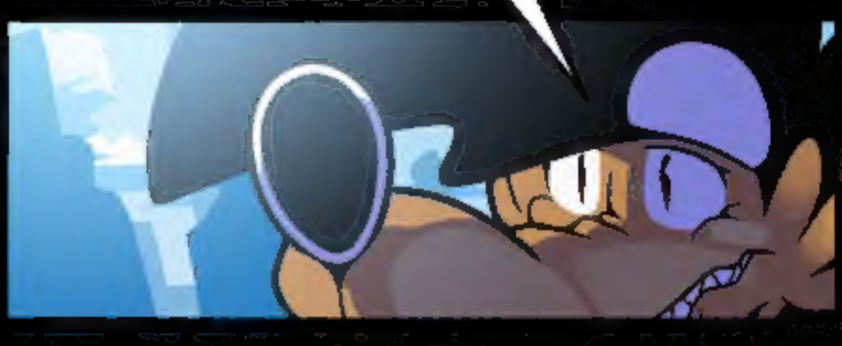
Let Glisser's silver tongue get him out of it.

You we need to fix, O' Funky Prince!

Evan said he's cool, right? Why were you worried about taking him on, Toma?

I don't want to go up against one of Acres main character toons. A villain's meant to fail, right? But an artist fave? That sounds rough.

Oh! Dee's a good guy toon! That means he's powerful and helpful?



Sure he did some "good" but it was all excuses for Acres toons to fight.

Dee once saved a condemned orphanage from the corrupt city council. Then, to drive visits he built one of his clubs atop it. A tournament arc was later held there.

Oh. I'm really confused on how to feel about that one!

My friend and I have business. Listen up, y'all. I'm planning a major expansion to my club soon. That opening is going to be so spectacular, you're only going to have yourselves to blame if you miss out! Tell all the friends you can!

Now wolfy, you might be cute, but you step a paw in my club and I'll show you how dangerous a show off I can be.

Can't have a bully like you wrecking up my scene, beat?

But you were saving Evan!

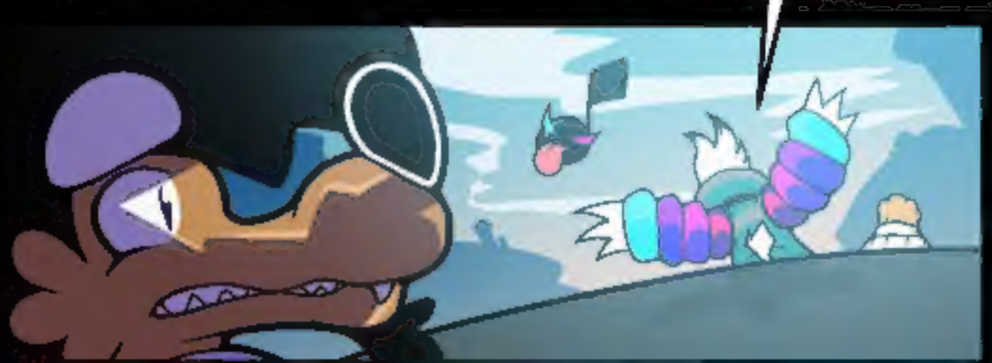
Evan, I'm sorry about what happened. Maybe we shouldn't split up until we figure out what's going on! Wait, I can show Dee I'm~

Toma. Stop.

You need to LISTEN and trust me here. You're the big bad WOLF, right? So stay big, bad, and far away, okay?

Wonder what that's about. Now what?

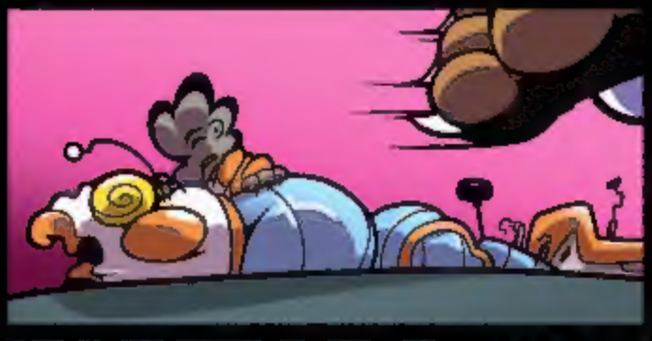
Ooooo~ cryptic! Sure I shouldn't teach him a lesson, Evan?



Well, across from the Dabbling Duet is the "safe place" Gale mentioned! We can watch out for Evan there. Up for a duck-tailing?

Yes! I haven't felt this energized in a long time!

So glad you're back, Blot!



Follow that Toon!

Don't care how many repairs it takes, Bucket.

The upgrades we need. . .

You're worth every penny and ounce of sweat I have.

Ain't going to be bested by a piece of TRASH!
